

CSR Annual Action Plan

Sl. No.	Theme	Project Description	Project Schedule	Need Assessment	Implementation Manner	End usage of funds	Amount	Target this Year	Result last year	Monitoring	Report
1	Comprehensive Education to Under-Privileged Street Children	Proposed to contribute towards school fees, books, clothes, and other essential requirements to identified girl children.	Financial Year 2022-23	Children can be seen on the street across all cities in India. It is normal to see unaccompanied minors in public places. And, living on the streets makes childhood take upon an altogether different meaning for these children. Children, especially girls, living on the street are forced to live under severely vulnerable circumstances. With this background, the implementation partner, Rainbow Homes, shelters underprivileged girl children and provides comprehensive education to them.	6-7 such underprivileged girl children would be selected, who are already sheltered by Rainbow Homes, our implementing partner. We will provide the funds required to meet the tuition fees, uniforms, accessories ect. to those selected girl children.	For (i) School Fees, (ii) Uniform (iii) Stationery (iv) Tutuion (v) Books	INR 3,00,000	During financial year 2021-22, six such girls were provided with the required funds. If we find their progress has been satisfactory, the same children would be given required funds to continue their education.	Yet to be received	The progress of the children would be monitored through periodical progress report and feedback from the implementing partner.	We will receive quarterly fees payment receipt & Half-yearly progress report from school and periodical feedback from the implementing partner,
2	Promoting health care including preventive health care	Provide Medical Equipments to Tata Medical Centre	Financial Year 2022-23	The need is to provide a best in class cancer care facility to cancer patients without it being a huge financial burden to the patients who are already stressed with battling the disease. Providing equipment to TMC enables them to provide cancer care at an affordable cost.	To fund the cost of instruments which TMC is going to buy. It's one time donation.	To buy medical equipments.	INR 2,00,000	To help TMC to buy equipments within the budgeted allocation.	Yet to be received	Periodical communication .	Feedback on usage of equipment.
3	Yet to be identified		We are working on identifying Projects suitable as per our CSR budget				INR 1,75,000
